Japanese Student Begins Year At Monte Vista High

They say that big things come in little packages. Tomiko Yamanaka, Monte Vista's fourth foreign exchange student, is no exception. Although only 5' 1", Tomiko is always seen wearing a big smile.

Having been born in Shizouka, Japan, Tomiko celebrated her eighteenth birthday on September 29. While in the United States, she is living with Mr. and Mrs. J. W. England, 4178 South Tropico dr., La Mesa.

Tomiko was chosen from three applicants from her school. First, she had to be recommended by her principal. Her application was sent to the American Field Service office in New York, which sponsors

Meager Turnout Seen For Incorporation Vote

A light vote is expected Tuesday when Lemon Grove voters will decide whether the community shall be converted into a General Laws city.

So far there have been few cityhood issues up for quarrel.

There is an opposing group, it was learned. Presumably, any argument this group has with incorporation will be revealed during the final days before the election. No public meeting has been held nor public statement had been made at press time.

If the election is successfu the city would start acquirin tax benefits on sales tax.

The county would supply ser vices without charge until July 1, 1965, the start of a new fis cal year.

Incorporation failed in 195 by a vote of 2,180 to 1,607. I failed again in 1958 by a vote of 2,783 to 2,301.

Polls in Lemon Grove will be open from 7 a.m. to 7 p.m. The polling places are: 7366 Broad way, 7504 Broadway, 7336 Broad way, 7656 Church ave., 7220 San Miguel ave.. 7437 Tracy st., 25 20 Bonita, 1910 Massachusetts 1349 Skyline dr., 1925 Eldora st., 2515 Imperial ave., 2758 Wash ington st., and 7885 Golden ave.

Voters will vote yes or no on incorporation and may choose five councilmen from a list of 15.

Signals Set For Two Areas

SAN DIEGO (CNS) — The County Board of Supervisors Tuesday approved the call for bids for signal lights at the intersection of Skyline and Palm in Lemon Grove.

Bids will be opened Oct. 29.

Supervisor David Bird announced the start of the installation of a traffic signal and safety lighting system at the intersection of the South Bay Freeway and Sweetwater south of La Presa.

Bird said the Ets Hokin and Galvin Electric Co. of San Diego is the contractor at a bid price of $12,941. The county will build a right turn lane and center island on the freeway. Completion is expected by the end of the month.

Candidate Wants Equal Privileges

Kenneth Conrad, a Lemon Grove mortician who is candidate for City Council, said this week that there are no valid reasons for opposition to incorporation.

"It will cost no more because tax dollars now going to the county would be converted to use by the city.

"The principle opponents to incorporation are those who now get special privileges from the County Board of Supervisors.

"We want local government so that all may get equal privileges," Conrad added.

Chamber Gives Support To Incorporation

The Lemon Grove Chamber of Commerce voted to supply $250 to the incorporation movement Tuesday at the regular board meeting.

Members of the board said that a better community and a stronger chamber would result from incorporation.

The board instructed the merchants' division of the chamber to proceed with bringing a "circus" to Lemon Grove Nov. 20.

It will be tied in with a retail business promotion.

A fan-out system for controlling bad-check artists was discussed and a system, similar to one in operation six or seven years ago will be reestablished.

P.T.A. MANIA — The "Beatles" visited Rancho Elementary School classrooms Monday to kick off the annual PTA membership drive which runs through Friday. The first room to reach 100 per cent membership will win a party hosted by the Beatles. The Rancho PTA mothers under the Beatle wigs are, from left to right, Mrs. Bob Keef, Mrs. Jim Michael, Mrs. Paul Ewing and Mrs. Robert Crouse.

NEW READER DRIVE NEARS 700 MARK

There are more better-informed people in the Spring Valley-Lemon Grove area than ever before.

One of the reasons is that nearly 700 local families have recently joined this newspaper's list of subscribers. Through the local newspaper, residents are able to know more about their community, their churches, their schools and their local government. They also learn more about their neighbors.

There were 48 newcomers to the fold during the past week bringing the campaign total to 700. These new readers are added to the already substantial list of nearly 10,000 families who read us in the Spring Valley - Lemon Grove area.

The main reason for the campaign at present is the charity it performs for Angels Unaware. Angels Unaware is the east county chapter of the San Diego Association for Retarded Children. A part of the proceeds from this newspaper's subscription drive is given to this group. The group plans to use the money for playground equipment. Amounts ranging from 10c to $3.50 are turned over to Angels Unaware for each subscription obtained. A simple renewal (through our salespeople) provides the smaller amount. $3.50 is contributed when a first time subscriber pays for the newspaper for two years through one of Angels Unaware members. Varying amounts in between are handed over for other conditions.

Angels Unaware operates a day center for east county children at 1388 Lexington ave., El Cajon. Children from Spring Valley and Lemon Grove, unable to attend public schools because of a retarded condition, are cared for there.

Each week this publication prints the names of the families who have agreed to participate. This week's list of 48 subscribers includes:

Lewis G. Stephens, 10389 Limetree lane, S. V.

Ralph A. Borrelli, 3722 Linda lane, S.V.

Grant V. Bunderson, 9368 Monemar dr., S.V.

Vista Administrator Booked

Max Taylor In Program Here Thurs.

Max Taylor, city administrator for the City of Vista, will be speaker Thursday at the Lemon Grove Junior High school auditorium.

The meeting, sponsored by the Committee for Incorporation, will be at 7:30 p.m.

Taylor has been the only administrator Vista has had since it incorporated in January, 1963.

Forrest Baxter, acting chairman of the Candidates for Incorporation, will be master of ceremonies Thursday.

Baxter said Vista, with a population of 20,373 compared with Lemon Grove's 24,882, really came into its own after incorporation. Sales and construction increased notably after the city was formed. Baxter said this indicated greater confidence in a government controlled by local people rather than a government by remote control in San Diego by strangers.

At the Thursday meeting Baxter will introduce all the candidates. Frank Armstrong, local attorney and himself a candidate, will introduce Taylor.

Baxter said that the candidates are encouraging a "yes" vote in Tuesday's election. The candidates are unanimous, he said, in their belief that this election will provide the last chance for incorporation and if it fails it will be impossible to save the community from higher taxes of San Diego or La Mesa. The latter condition would result from inevitable annexations over which the community as a whole would have no say, he added. Both these cities have a higher tax than the legal allowable limit set for the proposed City of Lemon Grove.

Lemon Grove after incorporation will be the fourteenth city in San Diego County. It will be sixth in size in the County.

There will be five councilmen elected from which one will become the first mayor. On the same ballot will be the opportunity to vote for the city incorporation.

Fifteen council candidates are running. Besides Baxter and Armstrong they are: Blanche Davis, Frank Gigliotti, Charles Hesser, Jesse Lee. Marion Morgan, Kenneth Ostrander, William Owens, Paul Reynolds, Wm. Ross, Parker Shumate, Robert Vaught, Kenneth Conrad, and Cliford Elkins.

Road Aid Seen For Jr. College

SAN DIEGO (CNS) — The County Board of Supervisors has directed the Road Department to draw up formal plans and specifications for the signalization of the intersection of Fanita dr., and the private road leading to Grossmont College.

The department was also directed to proceed immediately with the necessary agreement between the county and the college district whereby the district would pay $12,000 toward the costs which have been roughly estimated at $30,000.

The district according to Howard Taylor of the road department, is willing to spend the money to expedite the solving of the bad traffic problem caused by left turning students at peak hours.

Taylor said that even with good luck, it will be at least three months before the job can be completed.

The county apparently is going to go ahead with the job whether the area annexes to El Cajon or not.

Young Robbers Sent To Prison For Five Years

SAN DIEGO (CNS) — Two 20-year-old men, one from Chula Vista, and one from Lemon Grove, have been sent to state prison for from five years to life for armed robbery after being convicted in a jury trial.

They are Ronald L. Harkovich, 7634 North ave., Lemon Grove, and Carl Ray Liebes, 791 Oaklawn ave., Chula Vista. Liebes also pleaded guilty to auto theft but that sentence will run concurrently with the other.

Sentence was passed Monday by Superior Court Judge Gerald C. Thomas after the judge denied a motion for a new trial.

The robbery occurred at about 11 p.m., June 8, at a Speedee Mart at 2335 Highland, National City. Loy Ezra Mullins, clerk, was held up at gun point and the bandits got about $145.

On June 9, deputy sheriffs observed the defendants in a stolen car at Sweetwater road at Cypress avenue, and after some difficulty captured the suspects. The car was stolen from the Duringer Chevrolet Agency of Imperial Beach.

A search of the car revealed two pistols of .32 and .38 calibers.

Harkovich, a hospital orderly who once worked at the Guest House in Chula Vista, is married to 19-year-old Shirley An-

The Lemon Grove Fire Department will hold open house Saturday from 10 a.m. to 4 p.m. All children must be accompanied by parents. said Fire Chief H. L. Hensley.

Prison Term Meted To Aircraft Worker

SAN DIEGO (CNS) — A Spring Valley man who systematically sold stolen tools from Rohr Aircraft Corp. in Chula Vista has been sent to state prison for up to 10 years.

He is Robert William Miner, 45, 10104 Casa de Oro blvd., who sold the small tools to many companies after they had been stolen from Rohr by John Roy Culp, 56, 831 Broadview, Spring Valley.

Both admitted their guilt and Culp will have his probation hearing Oct. 23.

According to the probation report, Rohr's investigation thus far suggests that Rohr lost in the neighborhood of $30,000 through the activities of the two men which began in 1957. The stolen tools are known as End Mills but diamond grinder wheels were also stolen. These articles are small enough to be carried in a man's pocket.

According to the report, Culp would steal end mills by taking out six or eight each morning when leaving work. When he had an accumulation, he would call Miner to come to his garage, get the tools and sell them.

The tools were sold far below the market value. Miner once sold 80 diamond grinder wheels for $1,100 when the aircraft company paid $6,400 for them.

Minor and his wife, Mary, 43, have seven children ranging in age from 11 to 24.

Superior Court Judge Gerald Thomas followed the reccomendation of the probation department in denying probation.

Miner's profit as estimated by Chula Vista Police was a maximum of $3,000.

The DIMMER VIEW

by MAX GOODWIN

Why We're For Incorporation

So that there can be no misunderstanding on our position regarding incorporation - we're for it.

We think that a self-governed city can bring more happiness to a community than any other single force.

This refutes the fear of unhappiness, and the fear of costly excursion into an uncharted sea that opponents of the formation of a city would have you concerned with.

The arguement that "we're too small" or that "we haven't the tax base" and other dishonest charges should not sway those who want only the happiest atmosphere for the community in which we have chosen to live.

Other cities with smaller population, smaller size and smaller tax base are not only existing, but are thriving, thank you.

The noise of opponents can be loud and distracting. This does not mean opponents are necessarily right. It is the group which wants to do something that is open to criticism. Recall, if you will, some of the things you proposed in your lifetime. You thought these things out. You sincerely proposed them to your group. Then someone stood up and said, "I don't think it will work." While you were trying to prove it would, the complaintant left the hall, went home and went to bed.

He had thrown a wrench into your project. He didn't have to stay. He didn't have to prove anything. But, as it is with those who oppose any project, he casts a suspicion. The proof is on the proponent, not the opponent.

All of these reasons are those which suggest that you examine closely the pros and cons of incorporation. The people who are running for office will not be paid for their service. They will be abused for standing for what they sincerely think is the right road for their community to travel.

It is proper for anyone to disagree with community matters. But let's season our reasoning with decency and common sense. Let's not let those who would put up money surreptiuosly and who use you for a "front" get away with it. Every person who is sponsoring the election for incorporation has been willing to stand up to be counted.

Why don't the people who put up the money to oppose it do the same?

For An Exciting City Mayor

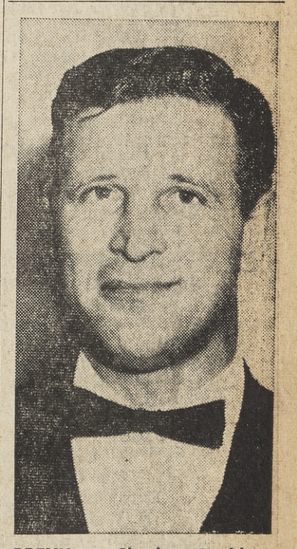

If incorporation should become the law of the town, and we hope it does, the new city will be run by the city council. Responsive to the council will be a city manager. Sitting atop the council will be a mayor.

To the mayor we address our attention forthwith.

Of the 15 candidates for the council, five will be elected. From these five, one will be chosen by the other councilmen to be the mayor or chairman of the board, so to speak.

Without wanting to downgrade any other councilmen we want to list our own choice for mayor . . . and tell you why.

the student exchange program. Chosen as a semifinalist, she was interviewed by a board of ten teachers. Finally, she underwent three final interviews. At the second she was interviewed privately; and in the final one, there was a discussion between the applicants and the teachers.

After being chosen, she left Tokyo on July 30, on her first plane ride. She arrived in San Francisco and spent two days living on the campus of Stanford University. She then took the bus to Los Angeles where she met her foster family for the first time. After staying in Los Angeles for ten days, she came to San Diego. Her only prior communication with the England's was one letter she wrote.

Tomiko said that life in Japan is much like American life. Like many of our cities, Tokyo is engaged in a mass housing program. Tokyo is also building housing and stadiums for the Olympic Games this month. However, there are some contrasts between Tokyo and the American city. When Tokimo arrived in San Diego, she was surprised to find so much grass. She stated that in Japan there are few parks the size of Balboa Park. Also, there are no one-way streets in Japan. While traveling in San Diego, she became very confused with our street system.

A typical Japanese teenager would never go out on a date alone if he were still in high school. Groups of about five or six go out together.

In her spare time, Tomiko is learning to play the piano. Her latest accomplishment is "Chopsticks."

At Monte Vista, Tomiko is taking English, civics, physical education, United States history, speech, and study hall. At her Japanese high school where she was a senior last year, she took English, homemaking, Japanese, chemistry, government and gym.

The DIMMER VIEW

We unhesitatingly recommend Dr. Frank Gigliotti for this job.

Dr. Gigliotti, a gregarious, generous, widely known man, is sensitive to the plights of others. He might put more heart into his decisions than he would his great intelligence, but we must ask "is this bad,"

Dr. Gigliotti is known around the world as "Jiggs". His acqaintenceship spreads from Poncho, the Tijuana alcoholic who is having passport trouble, to presidents of these United States. He has been a confident of Ex-president Harry S. Truman. He has influenced the course of Italian history. He has contributed to the Masonic Order services that are measured in the millions of dollars of recovered property.

Top executives of the U.S. Department of State and other federal agencies know him - and listen to him. Congressmen, governors, assemblymen and state senators have come to Lemon Grove to seek his advice or his help. So has the girl in trouble — and the man contemplating suicide. All of these got words of some sort because Jiggs is an outgoing sort of guy. More often than not he gave the kind of help that was required and desired.

For these reasons, and some others omitted because of space limitations, we think Jiggs would make an outstanding mayor of the City of Lemon Grove.

Maybe he woudn't get a lot of city business transacted but what other city of 25,000 population could look forward to visits from ex-presidents, European leaders, cabinet members, Papal representatives, and maybe just a plain old governor or two.

How To Choose A Councilman

In each of the past two elections on incorporation, this pillar had announced its choice for the five candidates for city council most likely to serve the city well.

This election we shall not do so.

In years past the candidates campaigned individually. Most every one of them would come up with a separate platform. Some of them lambasted the other candidates, and several who ran for election even campaigned against incorporation.

This election, all fifteen of the candidates have been meeting together regularly. They have been working as a 15 man team, so to speak. Well, not 15 men, because one, Mrs. Blanche Davis, is an attractive woman and a fine leader.

Because these people have shown that they all possess team spirit, we are unable to select one of these candidates from the other — except in a couple of instances.

One the selection of Dr. Frank Gigliotti, was made for the reasons listed in another article in this column. And Blanche Davs is selected because no people should give birth to a baby city without the gentle hand of a woman on the cradle.

The other three choices we leave to your good conscience.

Local Doctors See Goldwater As 'Last Chance'

Dick Wilson, candidate for Congress in the 37th Congressional District reminded local Doctors for Goldwater that his opponent, Congressman Lionel Van Deerlin had saddled each man, woman and child within this country an additional $100 debt.

Wilson, speaking at Goldwater Headquarters at 7959 Broadway, Lemon Grove, last week reported that his opponent had increased the national debt by $19 billion by the position he took in his voting.

The Doctors for Goldwater group is made up of 70 local men in medicine and dentistry.

Dr. Ed Grubbs and Dr. Bill Baker, co-chairmen of the local group, said that the coming election may be the last chance the American voter will have to choose between freedom and socialism. Barry Goldwater will stop the insidious drift toward a socialistic state, they said.

Dr. George Dunklee, heading a similar group in El Cajon, was present and agreed that people were getting "pretty tired of 'spendocrats' in Washington."

Morgan, the first candidate to file papers for the council, said that he wants to have a community with local government to represent the local residents with maximum benefits and minimum taxes.

"I am in favor of any or all programs that will give the people what they want without the threat of tax increase," he said.

Morgan said he feels the council should not be made up of only downtown businessmen, but of men from various fields.

Morgan was in the Navy from 1950 to 1954 and his civilian work has been mostly with the federal civil service. He in a calibration technician at North Island.

For three years he has served with the San Altos PTA and is now treasurer of the organization.

The Morgan family lives at 1741 El Prado.

B. Charles Hesser

Charles Hesser Sees Loss of LG Identity

Charles Hesser, 67, of 8517 Golden ave., said he favored incorporation because he does not want to see Lemon Grove lose its identity by annexation to San Diego or La Mesa.

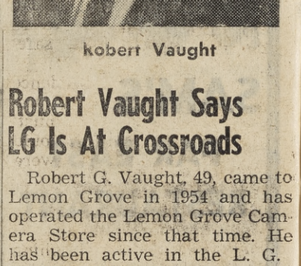

The retired lieutenant Commander moved to Lemon Grove 13 years ago. After moving here he was in the real estate business. He is a member and past president of the Lemon Grove Chamber of Commerce, past comander of the California Veterans of Foreign Wars, a member of the Lemon Grove Rotary Club and a member of the board of directors of Grossmont Hospital.

Hesser said, "I desire to see Lemon Grove get its rightful allocation of tax dollars from the State and not the mere pittance we now receive. This money should be used for the improvement of Lemon Grove."

Hesser said he is retired and has the time to devote to the office. "I believe I am qualified to see that all money received is budgeted and used wisely, he said.

He said he was for recreation facilities for young and old, beautification of the city, planning, zoning and lighting.

Robert Vaught

Robert Vaught Says LG Is At Crossroads

Robert G. Vaught, 49, came to Lemon Grove in 1954 and has operated the Lemon Grove Camera Store since that time. He has been active in the L. G. Chamber of Commerce, serving as president in 1962. He is a member of the Lemon Grove Masonic Lodge, St. Philips Episcopal Church, the V.F.W., and the Lemon Grove Lions Club. He was appointed fire commissioner by Supervisor Bird in 1958 and served the Lemon Grove Fire District continuously until 1964. His Naval service during WW II was spent in the Naval Intelligence Service.

Vaught said that he honestly feels Lemon Grove is at the crossroads, it must incorporate now as a city or be doomed to remain a county area and gradually lose areas piecemeal through annexation to San Diego and to La Mesa. He said that Lemon Grove as a city could grow and prosper in an orderly manner through local planning and zoning, and there would be no reason why local taxes should be any more than they are at present. "You are paying the taxes already, why not get it all back to use it in Lemon Grove?" he asked.

He lives at 1514 Watwood rd.

Kenneth Conrad

Ken J. Conrad Urges Local Cooperation

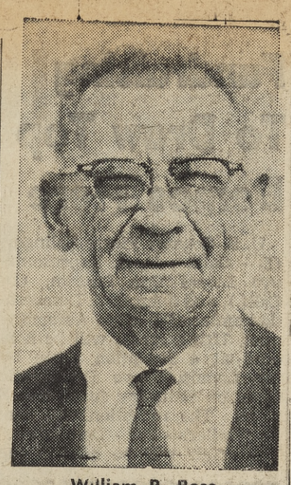

Kenneth J. Conrad, 48, independent owner of Conrad Mortuary, said, "We have a sound foundation and choice building material." He urged residents of Lemon Grove to work together for a strong community under incorporation.

Conrad is a graduate of Oceanside Junior College and the California College of Mortuary Science. He is president of the Lemon Grove Kiwanis Club and a member of the Men's Club and the Chamber of Commerce.

Conrad, a Navy veteran of WW II, has lived in Lemon Grove since 1954.

He said people in Lemon Grove should decide their own destiny and not be dictated to by people who do not live in Lemon Grove.

"We are now paying taxes to the state, which the county receices, so let us incorporate so that we can have something to say as to how our tax dollars will be spent in the community," Conrad said.

William P. Ross

Wm. R. Ross Opposed To LG Incorporation

William R. Ross, 60, a retired civil service employe, said, "Personally, I am opposed to incorporation, but if incorporation takes place I would like to see that Lemon Grove changes as little as possible." He said he would like Lemon Grove to keep its country town characteristics and not get the restrictions of a big city.

Ross, of 2615 Buena Vista., has lived in Lemon Grove since 1952.

He said, "I want to keep excessive spending down and to get as much as we can from our taxes. I will fight for lower taxes. I think the people are getting taxed to death."

Ross and his wife have three grandchildren and two great grandchildren. He was a vocational teacher for 3½ years.

He is a member of the La Mesa Masonic Lodge, Scottish Rite and Shrine. He is also a member of the Retired Federal Supervisor's Association.

Dail Pleads 'No' on 17

John Dail of Lemon Grove, 77th District Democratic nominee, cited the tragic record of operating freight trains in California below "minimum standards" as evidence that passage of Proposition 17 would "result in an increased number of railroad accidents."

The initiative measure, which attempts to repeal California's minimum crew laws for freight trains, is being officially opposed by the Democratic party, the State Federation of Labor and many leading Republicans in California. The statewide bipartisan California Committee to Preserve Railroad Safety is heading the campaign for a 'NO' vote on the issue.

In calling for the decisive defeat of the measure, Dail pointed to the rapid rise in train accidents, casualties and deaths, and in property damage when the safe crew law was temporarily suspended during World War II.

"The California Public Utilities Commission reports that the casualty rate per million locomotive miles increased by more than 45 percent when the law was suspended," Dail said. "In 1941, the state was 16.78 per million miles. Without minimum crews, the rate steadily rose to a peak of 37.92 in 1945.

"Following the national emergency, California reinstated its minimum crew law, and the accident rate quickly dropped. Today, California enjoys one of the nation's finest railroad safety records.

"This shocking experience clearly makes retention of present safe crew laws a 'must' and demonstrates what would happen if Proposition 17 were passed," he continued.

Demo Head Slaps GOP For 'Courting' Thurmond

Paul Peterson, chairman of the San Diego County Democratic Central Committee, issued a statement strongly criticizing the leadership of the Republican Party in San Diego County for "courting the political favors of fright-peddlers such as Sen. Strom Thurmond of South Carolina."

"The Republican leaders have sadly misjudged San Diego County citizens if they believe the appearance of an anti-progressive such as Strom Thurmond is going to generate support for their party," Peterson said.

"It is interesting to note that while Les Gehres, the Wilson brothers and four GOP legislators from the county were rolling out the red carpet for Thurmond in San Diego, a responsible and respectable Republican leader in the East, Sen. Clifford P. Case, of New Jersey, was quoted as saying:

'If the Republican Party has so changed that Strom Thurmond, with his peculiar views, feels more comfortable here than in his own party, then I am not happy about this change.'

"It is apparent that Republicans in the rest of the nation are not prepared to swallow the irresistable ideology of the Republican Party as it is expressed by the party's presidential candidate, Thurmond and others", Peterson continued.

"It also is apparent voters is San Diego County are not intersted in following this leadership. It is noteworthy that only a small group turned out here Sunday to hear Thurmond speak against sensible and responsible programs to protect equal rights for all citizens, nuclear disarmament, and the U.S. Supreme Court."

Layman's Day Slated At Foothills Church

Workers Urged To Erect Signs For Sup. Bird

Dave Bird, campaigning supervisor in the Second District, today asked his workers not to deface or destroy the outdoor signs of his opponent.

In a letter to all of his area chairmen and co-chairmen, Bird said he received reports that people had been seen tearing down the outdoor signs of his opponent in the Otay area.

"I don't know whether the story is true or not, but this kind of conduct would get us nowhere," he said. "My opponent's people would begin doing the same thing, and soon neither one of us would have a sign standing. This kind of activity would cause people to vote emotionally and not logically," Bird said. "Besides, this is not the kind of campaigning that I conduct. It is not the way I want the voters to view our campaign."

Bird told his workers that he would much rather they come to his headquarters and get a sign of his to erect rather than tear down one of his opponent's.

He also said that he will continue to support the acquisition and use of 613 acres of public-domain land to double the size of Sycamore Canyon Park.

The recommended management plan: provides for the orderly development of the 613 acres to be used for recreational purposes without discrimination or favor, and that no more than a reasonable charge will be made for the use of the facilities on the land.

The law limits the amount of public-domain land the County can acquire in one year for recreational purposes to 640 acres. Because the County purchased 640 acres for this purpose in 1964, the actual purchase of the 613 - acre addition to Sycamore Canyon Park will take place early in 1965.

Van Deerlin Cites Record On Attendance

Rep. Lionel Van Deerlin (D-San Diego) returned from Washington early this week after establishing one of the top attendance records in the 88th Congress.

Van Deerlin was present and voting on 96.7 percent of all issues in the Congress which adjourned last Saturday. This was the best attendance record compiled among all 23 Congressmen representing California. In the statewide delegation it was exceeded only by Rep. John Baldwin (R-Martinez).

"I'm proud of my attendance record," said Van Deerlin, a candidate for re-election on November 3. "Together with other factors, it supports my campaign theme as an on-the-job Congressman.

Van Deerlin said he participated in 117 of 119 record votes in the first session of the 88th Congress, and was present for 104 of 109 votes in the second session.

In addition, he was present for 131 of 137 quorum calls in the first session, and 151 of 163 quorum calls in the second session.

H. Boney Urges Action Studies

Henry Boney, candidate for supervisor in the 2nd District, chided his opponent for failing to act on bay channel and airport studies. Boney spoke before the North Island Association's Board of Directors meeting at the Campus Chuckwagon Monday night.

Concerning a second bay channel Boney said, "We've had studies on top of studies, they started in the 30's and are still going on today. The Board of Supervisors should use their influence to get action on the present study." Boney stated that a second bay channel would create thousands of acres of industrial land and thousands of new jobs.

Boney went on to criticize the county for failing to act on the Standford Research airport study. "This objective study made specific recommendations to improve the service, economy and safety of county airports," Boney said. "The Standford study urged a single county airport administration. I feel it's worth more consideration than it's been given by the County Board."

One of the pleasures of living on the West Coast and Southern California in particular is the abundant supply of fresh vegetables, fruits, fowl and fish. We have special West Coast foods and our special favorites among them.

How to prepare West Coast Favorites will be the theme for my cooking school in October. It will be held Tuesday, October 13, from 12:30 p.m. to 2:00, and again on Tuesday, October 27, from 10:00 a.m. to 11:30, in the comfortable Gracious Living Center of San Diego Gas and Electric Company's Eastern District Office, at 104 North Johnson Street in El Cajon.

We'll show you how to prepare dishes using Western foods and talk about casual entertaining with delightful menus. Main dishes will include Herb-Baked Salmon, Shrimp Pacifico — using rice, pineapple and Shrimp. We'll make a Savory Stuffed Artichoke dish, we hope artichokes are due in October, and we'll use romaine lettuce for our Green Goddess Salad, which includes a delicious sour cream and anchovie dressing.

From artichokes to avocados to wine, to salmon, tuna and crab; from turkey to citrus to abalone, there are West Coast delights that we know your family enjoys.

So plan on attending one of our schools this month, and let's prepare West Coast Favorites. There'll be door prizes and, of course, admission is free.
